Professional Development Plan

Name: Michelle Baird

Date: 04/12/2026

Position: General Manager in Training

Work Location: 9011 Tri_County

My ultimate goal: Michelle will advance to District Manager within the next two years by developing leadership capabilities, mastering operational metrics, and successfully completing stretch assignments.

Goal 1	Goal 2	Goal 3
Reduce team confusion by 50% and improve task completion accuracy to 95% by delivering clear, specific instructions and implementing structured communication practices, as measured by monthly team feedback surveys and task completion tracking.	Master store financial metrics by identifying three key performance indicators, implementing monthly goal-setting sessions with the team, and achieving a 10% improvement in at least two targeted financial areas within the specified timeframe.	Successfully complete stretch assignment managing Loveland and Lebanon stores while maintaining current performance metrics at Tri-County and achieving at least 95% of key performance targets at all three locations during the assignment period.

My Why Clear communication directly impacts Michelle's team's ability to serve customers effectively and achieve store goals. When teammates understand expectations, they feel more confident and empowered, which strengthens the entire store operation and creates the foundation for trust that enables her to lead multiple locations as a District Manager.	**My Why** Understanding and sharing "the numbers" empowers Michelle's entire team to make informed decisions and take ownership of results. This financial literacy is crucial for District Manager success and creates a culture of transparency and accountability that drives better outcomes for customers and OVGI's mission.	**My Why** Managing multiple locations demonstrates the leadership capacity required for District Manager responsibilities and develops Michelle's ability to build multipliers who amplify others' capabilities. This experience proves her readiness for greater responsibility while directly supporting OVGI's mission by strengthening operations across multiple communities.
